

Certified Tidy Tanks

22624 Fraser Hwy. Langley, B.C. V2Z 2T8 (604) 534-8585 Fax (604) 534-5814

Intermediate Bulk Containers for the Transportation of Dangerous Goods

Manufactured to CAN/CGSB-43.146-2002

- ◆ Portable service tanks designed and rigidly tested for the transportation of petroleum fuels.
- ◆ Transport Canada certified for diesel or gasoline.
- ◆ Commonly used in the logging industry and remote locations.

Design Features:

- ◆ Heavier 12 gauge steel.
- ◆ Body is one piece construction with flanged heads.
- ◆ All joints are of lap welded construction for added strength.
- ◆ Bottom skids that elevate the tank off the floor.
- ◆ 'V' type baffles to provide stability.
- ◆ Red enamel finish.
- ◆ Each Tidy Tank is pressure tested prior to leaving our manufacturing plant.

Standard Equipment:

- ◆ 2" Aluminum Fill Cap
- ◆ Hold down straps.
- ◆ Transport Canada approved pressure/vacuum device.
- ◆ Gate valve & suction assembly for pump.

<u>Capacity</u>		<u>Dimensions</u>			
Litres	Imp. gallons	L x W x H	Fill	Pump	Dry Weight
